## Up to 2,000W Lifting Power Power More High-powered Appliances

With a rated power of 1,000W, AC70P can handle 98% of outdoor and home appliances. It also features a Power Lifting Mode that boosts the power up to 2,000W, enabling it to run high-powered resistive loads effortlessly, such as electric grills, hairdryers, kettles, and more.

# Super-fast Charging For Minimal Downtime

With BLUETTI Turbo Charging Technology, you no longer have to wait a long time to get it charged. The fast charging allows you to replenish it at your last-minute pack-up, ensuring your power is at the ready before you hit the road.

### Wall Charging

### Solar Charging (2.5x Faster than Previous Generation)

## Multiple Charging Options Get Charged in Any Way You Like

AC70P gives you the freedom to recharge your devices in any way you prefer: wall charging, solar charging, car charging, generator charging, or LiFePO4 battery charging. Whether you are at home, on the road, or outdoors, you can always find a suitable power source for AC70P.

## Safe LiFePO4 Battery & BMS Designed for 10 Years of Everyday Use

AC70P uses LiFePO4 battery cells, which have a natural advantage of remarkable thermal and chemical stability, giving you better performance and longer life cycle. The built-in intelligent BMS (Battery Management System) protects your devices from potential risks such as over voltage, over temperature, overload and short circuits.

- Over Voltage Protection
- Over Temperature Protection
- Overload Protection
- Short Circuits Protection
