Multiple Charging Options Get Charged in Any Way You Like

AC70P gives you the freedom to recharge your devices in any way you prefer: wall charging, solar charging, car charging, generator charging, or LiFePO4 battery charging. Whether you are at home, on the road, or outdoors, you can always find a suitable power source for AC70P.

Safe LiFePO4 Battery & BMS Designed for 10 Years of Everyday Use

AC70P uses LiFePO4 battery cells, which have a natural advantage of remarkable thermal and chemical stability, giving you better performance and longer life cycle. The built-in intelligent BMS (Battery Management System) protects your devices from potential risks such as over voltage, over temperature, overload and short circuits.

- Over Voltage Protection
- Over Temperature Protection
