Why Choose BLUETTI AC70P?

Super-fast Charging For Minimal Downtime

With BLUETTI Turbo Charging Technology, you no longer have to wait a long time to get it charged. The fast charging allows you to replenish it at your last-minute pack-up, ensuring your power is at the ready before you hit the road.

Wall Charging

Solar Charging (2.5x Faster than Previous Generation)

Up to 2,000W Lifting Power Power More High-powered Appliances

With a rated power of 1,000W, AC70P can handle 98% of outdoor and home appliances. It also features a Power Lifting Mode that boosts the power up to 2,000W, enabling it to run high-powered resistive loads effortlessly, such as electric grills, hairdryers, kettles, and more.

Safe LiFePO4 Battery & BMS Designed for 10 Years of Everyday Use

AC70P uses LiFePO4 battery cells, which have a natural advantage of remarkable thermal and chemical stability, giving you better performance and longer life cycle. The built-in intelligent BMS (Battery Management System) protects your devices from potential risks such as over voltage, over temperature, overload and short circuits.

- Over Voltage Protection
- Over Temperature Protection
- Overload Protection
- Short Circuits Protection

8 Versatile Ports Power for All Your Need

Flexible charging capability accommodates a wide range of charging needs. AC70P features 2 AC Outlets, 2 USB-A Ports, 2 USB-C Ports, 1 Cigarette Lighter Port, and 1 Wireless Charging Pad to charge multiple devices at the same time.

Multiple Charging Options Get Charged in Any Way You Like

AC70P gives you the freedom to recharge your devices in any way you prefer: wall charging, solar charging, car charging, generator charging, or LiFePO₄ battery charging. Whether you are at home, on the road, or outdoors, you can always find a suitable power source for AC70P.
